Mr. Kelsey made the town board aware of a notice of intention to sue the town that he found on January 7, 2008 in the supervisor’s office. There where five copies of all legal documents, they should have been forwarded to the town board. Mr. Bader was aware of the situation, he also did not receive the forms, but did speak to Mr. Sakonyi when papers were received. Mr. Bader did tell Mr. Sakonyi to notify the town’s insurance carrier, that is required so they can do their own investigation. Mr. Kelsey did not feel this was handled properly, Mr. Sakonyi should have notified the board, because of this Mr. Kelsey made the motion to remove Mr. Sakonyi from the Water Committee. There was no second. Mr. Metzger and Mr. Colesante feel that Mr. Sakonyi should have a chance to respond before removing him from the board. The town has not missed any deadlines the paperwork must be filed, and now they have one year to sue.

Mr. Woolridge made the request that he be issued a cell phone. Mr. Buck made a motion that the town issue Mr. Woolridge a cell phone. Seconded by Mr. Metzger.

There is a water committee meeting on January 17, 2008 at 7:30 p.m. will cover information on filling out forms for the grant. Mr. Davis the Mayor of the Village of Cleveland was in attendance and the Village is looking into the possibility that they could supply the water to Bernhards Bay. Mr. Colesante asked Mr. Davis if Mr. Pond has been in contact with him, the answer was no. Hopefully Mr. Pond will be able to help the village in getting the information, time is an issue, the district must move forward.
